

TOUCH TABLET 10"

Thin and light to remote control the Buddy robot, this tablet from the HUAWEI manufacturer has been specially selected and validated by us to be compatible with our telepresence solution.

It features a large 10.1-inch Full-HD screen, with a screen occupation rate of more than 80%, extra thin borders, to allow you an incredible teleportation in the world you love and a total immersion with your interlocutor. In addition, the dual speaker gives you powerful and balanced sound to make the most of your communication session when you connect remotely to the Buddy robot in telepresence mode.
