

FREEZE DANCE

This application is similar to the musical statue game. It encourages children to expend themselves in music. It stimulates and exercises their motor skills.

Buddy plays music and the player has to dance in front of Buddy to score maximum points. Scores are saved, and users can challenge each other!

FUNCTIONING

When the game starts, Buddy plays music and the player must dance in front of Buddy to earn maximum points.

When the music stops, the player must freeze into a statue until the music starts again to not lose points!

Be careful, Buddy is on the move, if it moves, the player must quickly reposition himself in front of its camera! !
